“My approach to “plein air” painting is direct, I strive to convey the uniqueness of the landscape and the feeling of a fleeting moment in time. It may be the angle and subtle color of a shadow or the reflective and mesmerizing qualities of water that grab my attention.”

Come and paint Santa Barbara’s exceptional landscape and architecture in beautiful spring colors. Karen will demonstrate how to use color and glazing techniques to capture the qualities of light and color in shadows and reflections. Most importantly, she will guide you in expressing your personal uniqueness in your paintings through color and composition.

Note: Class size is limited. SCAPE’s workshops fill early, so register today. You will be enrolled in the order your check is received. Cancellations made at least one month in advance of the workshop will receive a full refund less \$50 administration fee. Thereafter, your tuition will be refunded only if your place can be filled.
